

RIDS THE SYSTEM OF SCROFULA

Scrofula is a disease usually manifested in childhood, though some who are victims of the trouble reach manhood or womanhood before there is any manifestation of the trouble; but no matter at what age it shows, the disease germs are in the blood, and until they are removed there cannot be a healthy condition of the body. The ordinary symptoms of Scrofula are swollen glands about the neck, scalp diseases, skin affections, poor physical development, etc. S. S. S. has cured thousands of cases of Scrofula. It is the greatest of all blood purifiers, and by going down into the circulation and removing the germs and poisons, and enriching the blood by the creation of nutritive corpuscles, S. S. S. makes a permanent cure. S. S. S. is a purely vegetable remedy, made entirely of health-giving roots, herbs and barks, and is perfectly safe for persons of any age, or those in delicate conditions of health. No one need fear to give S. S. S. to a child, following directions, and the health it will bring to frail, delicate children will be a blessing to their parents. If you or your child have Scrofula, write for our book on the blood and ask for any medical advice; no charge for either. S. S. S. is for sale at drug stores.

MORE ROOM NEEDED BY THE NORMAL UNIVERSITY

Board of Regents of the Las Vegas Institution Votes to Increase Facilities for Various Classes.

Las Vegas, N. M., Nov. 22.—Urgent need for more room at the Normal University was made plain to the members of the board of regents of that school at a meeting held Monday night. After some deliberation the board voted to increase the facilities for the various classes. Ultimately a new building will be necessary. Last night, however, this subject was not discussed. The board decided to do the best it possibly can under present conditions.

The room used as a gymnasium, which is located on the main floor directly opposite the president's office, will be devoted to class work. The solid geometry class, which is too large for any of the other recitation rooms, will occupy this apartment. It is likely other classes will receive their share of the new building.

Miss Jessie Harriet Worley was elected to succeed Miss Anna J. Hove, one of the members of the faculty who resigned last week to take a position with the Nevada state normal school at Elko, Nev. Miss Worley is engaged in teaching in Canon City, Colo. She is an efficient educator and will add to the strength of the Normal faculty. Miss Worley received her education in the Nebraska Wesleyan normal and the University of Denver, where she was given the degree of B. A. She has had ten years' experience as a teacher, having taught in the grades and in the high schools of several cities. She is at present connected with the Canon City high school at which she is principal. Miss Worley will come to Las Vegas to begin her duties as soon as she makes arrangements to leave Canon City.

THE TRAVELING SALESMAN

There are few professions, or modes of business life, or even methods of entertainment, which have not been identified by the diligent searching playwright into stage subjects which, either through caricature or exaggeration, are evolved into comedy roles whose chief reason for existence is a mission of laugh production. The lawyer, doctor, banker, baker, the tradesman and even the newspaper reporter are well known stage types, but "The Traveling Salesman," the new comedy by James Forbes, author of "The Chorus Lady," is probably the first play to take the "drummer," the man who sells goods on the road, and turn him into the most important character of footed performance.

Of course, the traveling man has been seen in a great many plays, but either in a minor role or in a character so exaggerated that it is scarcely recognizable. But Mr. Forbes, who became famous as a creator of unique stage characters through his never-to-be-forgotten Patricia O'Brien of "The Chorus Lady," has succeeded admirably in reproducing on the stage a real, live traveling salesman who is neither exaggerated nor caricatured, but who is nevertheless supremely funny at all times. Mr. Don MacMillan as played by Don MacMillan is a familiar type to all who have traveled about much. He is a large, good natured, glib-tongued prosperous looking road salesman, ever ready for a sale or a flirtation, and he goes on his cheerful way through the play, leaving behind him a trail of laughter.

"The Traveling Salesman" is now in its third year and the audiences that turn out to welcome the play are limited only to the capacity of the various theaters. The company presenting "The Traveling Salesman" is said to be the best ever employed in this play and in addition to Don MacMillan has some of the best farce actors in the country in the make-up. "The Traveling Salesman" comes to the Elks' theater on Saturday, November 25.

THIS CLUB FORGOT TO GET ITS INJUNCTION

As a Result It Got Pinched; Those Kansas City Sports Are Awful Careless; Club Was "Unprotected."

Kansas City, Nov. 22.—Notwithstanding the fact that the club have succeeded in a few instances in getting the hands of the police indefinitely with injunctions that prevent them from entering the clubs, the police found a new one last night that did not have an injunction, and the result was thirty-one men were arrested. Bonds required in cash for the release of these men amounted to \$4,221.

The club raided in the Little Blue social club, 353 West Fifth street, which recently was organized. For more than a week Chief of Police Griffin has had members of the police force frequenting the place and they reported to him that they bought drinks in the club and also gambled at craps and poker.

The raid last night was scheduled to take place at 12 o'clock, when it was believed that some people more prominent than those who were arrested would be found in the place. But the raid took place at 3 o'clock, and not on account of the police taking the initiative.

Raid Conducted Well. The police had well laid plans, but one of the officers, J. R. Cross of the mounted squad, was recognized by a member of the club. Cross was dressed in torn and rough clothes and was in the company of another officer who vouched for him. The other officer was a member of the club, but when Cross was recognized it is alleged that the gambling games were stopped at once and a veritable riot ensued.

"It was necessary for me to draw my revolver in order to get out of the place without being injured," Cross told Chief Griffin later. "That is why the raid was made before the appointed time. I could not help it, and when we saw the result of my being recognized there was nothing else to do but make the arrests. A lot of the men who were in the place when the rush toward me started got away before the other officers who were assigned to the job took a hand."

Cross said he was attacked by most of the men who were in the club. One of the men, he said, had a billiard cue and was attempting to strike him when he drew his revolver and backed out of the club.

Men giving the names of James Varney, Peter Pappas and Tim Pappas were arrested on the charge of keeping the gambling game. Their bonds were made \$200 each. The bonds of the other twenty-eight who were arrested were \$100 each. Chief Griffin ordered that a state charge be made against the men charged with keeping the gambling games, and that the charge of illegal sale of liquor be placed against any others found to be members of the club. In all instances a cash bond was required.

In the reports made to Chief Griffin concerning the club, officers say they bought liquor in the club and saw a poker game and two craps games in progress, in which over forty men and boys took part. In one game it is alleged that \$100 bills were the most noticeable things on the tables.

"I have information that there was a gun play in the club Friday night," Chief Griffin said last night. "It is said there have been other plays of this kind in the past week or two. I have information that some of the most notorious characters have been seen gambling there."

TOOK QUEER MEANS TO GET A JOB AS A COP

Los Angeles Watchman Had Himself Held Up, Bound and Gagged to Gain Notoriety; Has Confessed.

Los Angeles, Calif., Nov. 22.—Confronted by evidence that disproved his story, Arthur H. Irwin, watchman, who was found early yesterday morning, bound and gagged, in the office of the Lord Motor Car company, 1022 South Olive street, this morning confessed to Captain of Detectives Flannery and Detective Browning and Ingram that his story of the hold-up and beatings was a "frame-up" in order that he might obtain notoriety. The man stated that he thought that such a story would aid him in securing a position on the police department.

Although the main part of his story was untrue, Irwin declares that his name worked better than he expected and that the bumps on his head were not a part of the program. A friend bound and gagged him, but the would-be policeman refused to give the name of his friend.

After being bound and gagged, Irwin accidentally knocked one of the telephones from the desk, the phone striking him on the head, raising quite a bump. The police became suspicious soon after beginning their investigation yesterday morning. It was learned that but a cent had been left in the safe the night before. Irwin told a story of \$100 being stolen.

SUFFERED EIGHT YEARS RESTORED BY PERUNA.

MRS. MARY S. FENNESSEY.

AS MANY THOUSAND PEOPLE SUFFER FROM CATARRH OF HEAD IN WINTER, MRS. FENNESSEY'S PERMANENT RECOVERY SHOULD CREATE GREAT PUBLIC INTEREST.

Mrs. Mary S. Fennessey, Lake Benton, Minnesota, writes: "I was afflicted with a bad case of catarrh in the head, and was unable to breathe through my nose for eight years. Six bottles of Peruna cured me entirely and I have not been bothered with catarrh since."

A Helpless Invalid. Mrs. Annie Spaine, Gainesville, Arkansas, writes: "I was helpless in bed for eight months, and part of the time would not have weighed over sixty pounds. Food would do me no good. I had catarrh of the head and stomach and internal catarrh, and also had heart trouble so bad I could not bear any one to talk in the room where I was. The doctors and everybody that saw me said I would not get well. But God saw fit to spare me and sent relief through your wonderful medicine, Peruna."

PHOENIX IS TO BE ON MOUNTAIN TIME ALONE

Southern Pacific Changes to Chronology in Use Elsewhere, Removing Great Inconvenience to Many.

Phoenix, Ariz., Nov. 22.—On December 6, an inconvenience which has been endured by the people of Phoenix for many years will be stopped.

Word was received from Superintendent C. M. Scott who was in Tucson yesterday that the Arizona and Eastern would hereafter be scheduled upon Mountain time, and that the change would go into effect on December 6th. This conclusion was evolved at a meeting of the traffic department of the Arizona & Eastern and Southern Pacific officials at Tucson yesterday, and will be received at Phoenix gladly, as the confusion of Mountain and Pacific time in years past has been a regular bug-a-bug for the Phoenix people. Four years ago there were three different systems of time, the City time, Mountain and Pacific, the Mountain time being adopted as the official city time for the past year.

From December 6th, Mountain time will be observed throughout the territory, the Southern Pacific adopting it between El Paso, Texas, and Yuma, Arizona. The Santa Fe has observed it for years past. This will make a general readjustment of the time tables of the Arizona & Eastern and the Southern Pacific, which will be published sometime this week.

MAKES WORK EASIER. Albuquerque People Are Pleased to Learn How It Is Done.

It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills have made work easier.

So thousands have gratefully testified. They're for bad backs. They're for weak kidneys. Albuquerque people greatly recommend Doan's. Dr. L. Brown, 418 West Gold avenue, Albuquerque, New Mexico, says: "On and on for three or four years while at work there was a dull, heavy ache through my joints.
